### REMARKS

Claims 1-32 are in this application.

#### Restriction Requirement

In the Office Action of March 17, 2004 the Examiner asserts that the present application contains claims directed to two different groups, Group I (claims 1-16) and Group II (claims 17-32). As required under 35 USC § 121, the Applicant provisionally elects Group I claims 1-16.

However, the Applicant requests that the Examiner reconsider the requirement for restriction as discussed below.

The Applicant notes that 35 USC § 121 authorizes, but does not require, the USPTO to restrict an application to one invention if two or more independent and distinct inventions are claimed in one application. In view of the expense that would be imposed upon the Applicant by multiple patent applications and multiple patents, it is believed that restriction requirements should be issued only when absolutely necessary.

As such, reconsideration is respectfully requested and the Examiner is respectfully requested to withdraw the restriction requirement.

Additionally, the Applicant respectfully requests the Examiner to consider the merits of the Information Disclosure Statement (IDS) filed on March 18, 2004.

In view of the foregoing, the Applicant submits that claims 1-32 are in condition for allowance. Prompt issuance of a Notice of Allowance is earnestly solicited.
